

## ABOUT THE STATE.

## Items of Interest Gleaned from Our Exchanges.

Former Congressman H. H. Powers will be retained as counsel for the Rutland R. R., as usual.

The directors of the Rutland County Agricultural society fixed the dates for this year's fair for September 12, 13 and 14. George T. Chaffee was made general superintendent and superintendents of the different departments were also elected.

The vital statistics of the town of Waterbury for the year ending December 31, 1904, as shown by the records at the town clerk's office, are as follows: Whole number of births, 45; whole number of marriages, 29; whole number of deaths, 72, of which 34 were in the hospital for the insane.

At a meeting of the faculty of the University of Vermont, held in the library Thursday afternoon, it was decided that the junior class should be removed from probation at the beginning of the second half year. The entire class was placed on probation last May for refusing to obey the rules regarding the holding of class banquets.

G. W. Stevens, clerk of the Essex Junction school board, completed yesterday noon taking the school census of the village. One family that had just moved into the west part of the village he had not visited. His report without including this family, is as follows: Number of families, 309; children of school age, 329; total population, 1,141.

Frank T. Beckwith, aged 44 years, a very ingenious mechanic, died recently at the residence of W. M. Mattison in Chelsea, where he had been sick with Bright's disease since September last. Funeral was held Sunday from the house of his brother, Dentist Fred L. Beckwith, his only surviving relative. The Rev. Herbert J. Wyckoff, pastor of the Congregational church officiated.

Cassius R. Peck, who recently left Burlington for Oklahoma, and who was appointed assistant United States district attorney, has located in Guthrie, and has been sworn into his new office. Mr. Peck writes that there has been a snow storm there and that the single sleigh in the city has been in great demand, men freely paying a dollar per hour for its use and furnishing their own horse.

The call for the special city meeting to vote on the question of amending the city charter to elect three school commissioners at large, instead of continuing to have representatives from each ward, as at present, is being discussed considerably in St. Albans, and the project is bringing out quite a little adverse comment. It is worthy of note that St. Albans is the first city in the state to attempt to change its charter in this respect, and many people fail to see where any benefits direct or indirect, are to be obtained by making the change.

At the adjourned meeting of the stockholders of Orange County Creamery the following officers were elected for the ensuing year: M. A. Gates, Benson Sanborn, N. H. Austin, E. O. Mattison and George M. Medall, directors; and W. P. Townsend, E. A. Corwin and W. A. Hood, auditors. At a subsequent meeting of the directors the following organization was made: President, George M. Medall; vice president, Benson Sanborn; secretary, Mrs. M. E. Whitney; treasurer and manager, A. W. Whitney; a dividend of five per cent was declared which was voted to apply toward paying the debt.

A dog show will be held at the new armory next May by the Champlain Kennel club of Burlington, a vote to that effect having been taken Thursday night at the annual meeting of the club. The proceeds of the show will be devoted to the benefit of the Humane society. Officers for the show were elected as follows:

## APPEARING OLD

## Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance. It is impossible to do this without retaining a luxuriant growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as a Dandruff cure. Accept no substitute—there is none.

Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

**WILL LOSE BOTH FEET.**  
Shocking Case of Destitution and Depravity Comes to Knowledge of Police.

St. Albans, Jan. 28.—Mrs. Salome Laroe of Lascelle street, lies in the St. Albans hospital awaiting the decision of her doctors as to how much of both her feet will have to be amputated. She was taken there Thursday night with both feet frozen and gangrene has already set in. Mrs. Laroe, who is well and unfavorably known to the authorities, appeared at the home of Alexander Ferguson of Nason street, between 2 and 3 o'clock in the morning, clothed in an old shawl, a skirt, and a pair of stockings, the feet of which were well high gone. The soles of both feet were frozen stiff and how the woman managed to get where she did in the bitter cold of the night is a marvel.

Dr. A. H. Desloges was summoned and with the aid of Policeman J. F. Mahoney, Mrs. Laroe was taken to the hospital. When undressed at the hospital a box containing four morphine pills was found in one of her stockings, and the drug and whiskey are said to be accountable for her condition.

**Randolph Has No Fire Alarm.**  
In response to the fire alarm at 1:30 o'clock Wednesday night a good part of the Randolph fire department and a number of citizens were out to find nothing more serious than a chimney burning out in the house of George Whitney on Mill street. Some little damage was done in the house where the fire burned through the chimney, but nothing serious. The fact that Randolph has no fire alarm made it very difficult to locate this little trouble and, although many were out on the streets, nobody knew where the fire was until it was over. At the last village meeting, it was voted to install some kind of an alarm system for the location of fires, but nothing has been done about it as yet.

**Fifteen Million Candle Power Light**  
St. Catherine's Lighthouse, Isle of Wight, was recently fitted with a flash light which is estimated to be equal to 15,000,000 candle power, and on nights when the atmosphere is favorable its beam probably is visible from the French coast, says the London Globe. The new light is immensely more powerful than the old one, which was of about 3,000,000 candle power.

**Sickening, Shivering Fits**  
of Ague and Malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine, of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after-effects. E. S. Munday of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice till he took Electric Bitters, which saved his life. At the Red Cross and Parlor Drug Stores. Price, 50 cents. Guaranteed."

**Sales of Poultry Food Increasing.**  
That farmers are quick to take advantage of any honest effort to help them to increase the product of the farm is shown by the increasing sale of Poultry Food. The Scaver store at North Troy, Vt., speaks thusly on the subject: "We find the sales of 'Pige's Perfect Poultry Food' increase each year with us. We are pleased with the goods and our customers speak highly of it as an egg-producer."

**ESTATE OF JOSEPH BERGERON.**

Bergeron, Administrator, with the will annexed, of the estate of Joseph Bergeron, late of the town of Barre, in said District, deceased, presents his administration account for examination and allowance, and makes application for a decree of distribution and partition of the estate of said deceased, hereon filed in order by said Court that said account and said application be referred to a session thereof, to be held at the Probate Office in said Montpelier, on the 13th day of February, A.
